

Christmas Program 2006-2007: Bringing the Birth of the Christ Child to Villages, Slums and the Beaches of South India

It's time to begin the 2006-2007 Christmas Program in south India. David and Philomina Morris are required to exhibit great planning and strategy skills due to the travel that is required to put on so many programs all over south India. A gift of \$10 allows a child in one of the selected congregations to enjoy Christmas and join in celebration and worship of the Christ as the story of God's grace unfolds in the drama.

Last year's Christmas on the Beach effort was a great success with the tsunami survivor groups. It offered the preachers and evangelists of the Mission, as well as the College students, a wonderful opportunity to work with the local leadership to tell the story of the birth of the Christ child in drama, song and Bible verse.

We pray that the people will know the same blessings in 2006! Again this year the gift will be a blanket, as there was such a positive response to this gift last year. Along with the blanket, a Bible or New Testament, sweets, some food, and the drama will make up the complete gift.

The great impact of the drama is that it not only reaches the children of the local congregation but all the people of the village, slum or survivor groups. This makes it one of the most effective methods of outreach evangelism and a highlight of the direct evangelism ministry every year.

Thank you so much for your interest in the SICCM Children's Christmas Program. Please pray that these funds will bring many children, and consequently families and entire villages, to Christ this Christmas season.

Please designate your tax-deductible donation and send to:
